Agenda and Focus Groups

***FOCUS GROUPS** (Breakaway parallel sessions)

	Subject
Focus Group 1	Creation of the GIS platform including linkages with Business Analytics, Core Governance Processes and Citizen Services
Focus Group 2	GIS data creators, aggregators, and users: Expectations, Concerns & Way Forward
Focus Group 3	Policy related considerations in implementation of GIS - building enabling policies
Focus Group 4	Data standards for capturing, storing, sharing and use of geospatial data
Focus Group 5	Capacity-building requirements for implementing Geo Spatial Governance

Kind request to participants:

After the opening sessions, there would be 5 parallel (breakaway) and simultaneous focus-group discussions in 5 different rooms, as follows:

Focus Group 1: Creation of the GIS platform including linkages with Business Analytics, Core Governance Processes and Citizen Services

Focus Group 2: GIS data creators, aggregators, and users: Expectations, Concerns & Way Forward

Focus Group 3: Policy related considerations in implementation of GIS - building enabling policies

Focus Group 4: Data standards for capturing, storing, sharing and use of geospatial data

Focus Group 5: Capacity-building requirements for implementing Geo Spatial Governance

These 5 separate discussions would happen simultaneously (in parallel) within 5 different groups comprising 5 - 10 participants each, with each group discussing only its specific area.

It will greatly help if you can:

- a) Kindly confirm your kind participation by replying to vinay@gov.in, deepinder@negp.gov.in, ajoy@negp.gov.in
- b) **Please rank the groups as per your preference.** (For example, the ranking "3, 2, 1, 4, 5" would imply that you prefer Group 3 the most, followed by Groups 2, 1, 4, 5 in that order. We will then be able to optimize the grouping exercise at our end.)

Please contact me or any of the following officials for any clarification or revert:

- a) Mr. Deepinder Singh, 9811210290
- b) Mr. Ajoy Agarwal, 8527843466

Looking forward to your kind presence and participation, and also your kind reply at the earliest to this mail.

Thanks and regards,

Vinay Thakur
